About the Inc. 5000 List

The list represents the most comprehensive look at the most important segment of the economy—America’s independent-minded entrepreneurs. Consumer electronics maker Vizio, Internet giant GoDaddy, rental car service Zipcar, and beverage maker Honest Tea are among the prominent brands featured on this year’s list. “Savvy trend spotters and those who invest in private companies know that the Inc. 5000 is the best place to find out about young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate,” said Inc. 5000 project manager Jim Melloan. “That’s why our list is so eagerly anticipated every year.”

To qualify, companies must be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2008, and have had at least \$200,000 in revenue in 2004, and \$2 million in 2008. The 5000 companies that made the list reported aggregate revenue of \$214 billion and median three-year growth of 126 percent.
