

FOR IMMEDIATE RELEASE

Amerinet Now Offering Discounted Diagnostic Imaging Quality Assurance Services from West Physics Consulting

St. Louis (April 25, 2012) – Amerinet Inc., a leading national healthcare solutions organization, announces a new agreement with West Physics Consulting L.L.C. for diagnostic imaging quality assurance testing and other related services.

West Physics Consulting offers a comprehensive suite of service types for all common medical imaging modalities (MRI, CT, NM/PET, ultrasound, mammography, radiography and fluoroscopy) including:

- ACR and IAC accreditation support with phantom scanning, clinical scanning and staff training
- Periodic equipment testing with on-site continuing education and unlimited telephone support
- RSO services, NM/PET auditing, RAM licensing and other regulatory services
- Certified radiation shielding design and verification services

The West Physics Consulting staff is highly regarded for its diverse backgrounds, top-notch expertise, superior training and unique technical capabilities. Specializing in advanced services and complex problem-solving, the company provides the personalized service and response of a local consultancy with the consistency and resources of a national leader.

This contract is effective through February 28, 2015.

About West Physics Consulting

Based in Atlanta, Ga., West Physics Consulting is the premier national provider of medical and health physics consulting and testing services. Founded in 2002 with a single local client, West Physics' commitment to technical expertise and customer service has resulted in it growing to service more than 1,000 healthcare facilities in 49 U.S. states, several federal territories, the Caribbean and Latin America.
