**For the 9th Time, West Physics Appears on the Inc. 5000,  
Ranking No. 3841**

**NEW YORK, August 20, 2021** – *Inc.* magazine has revealed that West Physics Consulting is No. 3841 on its annual Inc. 5000 list, the most prestigious ranking of the nation’s fastest-growing private companies. For the 9<sup>th</sup> time, West Physics appears on the Inc. 5000 with a 3-year revenue growth rate of 83 percent. The list represents a unique look at the most successful companies within the American economy’s most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

“We are so thankful at West Physics that today, thousands of clients throughout the United States and beyond place their trust in us for their medical and health physics services. We do not take this trust lightly. I am also personally appreciative of the entire team at West Physics for making it possible for us to achieve our 9<sup>th</sup> Inc. 5000 award. Their unswerving commitment and service to our many customers, especially our healthcare customers who have faced unique and unprecedented challenges due to COVID-19, is the most important element of our success”, stated Dr. Geoffrey West, President of West Physics.

West Physics, headquartered in Atlanta, Georgia, is a leading global provider of integrated diagnostic medical and health physics testing and radiation safety consulting services. West Physics serves over 3,500 client sites, including hospitals, freestanding imaging centers, mobile imaging providers, and physician offices throughout the 50 U.S. states, federal territories, the Caribbean, and the Middle East. West Physics specializes in assisting healthcare providers in maintaining their accreditation with organizations such as The Joint Commission,

the American College of Radiology, the Intersocietal Accreditation Commission, RadSite, and in radiation regulatory compliance with state and federal agencies. For more information, please visit [www.westphysics.com](http://www.westphysics.com).

## **More about *Inc.* and the Inc. 5000**

### **Methodology**

Companies on the 2021 Inc. 5000 are ranked according to percentage revenue growth from 2017 to 2020. To qualify, companies must have been founded and generating revenue by March 31, 2017. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2020. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2017 is \$100,000; the minimum for 2020 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to three decimal places. There was one tie on this year's Inc. 5000. Companies on the Inc. 500 are featured in *Inc.*'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.

### **About Inc. Media**

The world's most trusted business-media brand, Inc. offers entrepreneurs the knowledge, tools, connections, and community to build great companies. Its award-winning multiplatform content reaches more than 50 million people each month across a variety of channels including web sites, newsletters, social media, podcasts, and print. Its prestigious Inc. 5000 list, produced every year since 1982, analyzes company data to recognize the fastest-growing privately held businesses in the United States. The global recognition that comes with inclusion in the 5000 gives the founders of the best businesses an opportunity to engage with an exclusive community of their peers, and the credibility that helps them drive sales and recruit talent. The associated Inc. 5000 Vision Conference is part of a highly acclaimed portfolio of bespoke events produced by Inc. For more information, visit [www.inc.com](http://www.inc.com).
